Félicitations

- VOUS AVEZ EN MAIN UNE PREMIÈRE DANS L'INDUSTRIE

Voici la liste des codes et noms des produits **Result**® et **SPIRO**® "prêts au marquage personnalisé".

Chacune des références prêtes au marquage personnalisé a un récapitulatif montrant les couleurs, tailles, méthodes de marquage recommandées et si l'étiquette est détachable ou bien absente.

Afin d'enrichir vos connaissances sur notre marque, nous sommes heureux de vous offrir ce guide pour vous aider à naviguer notre gamme sans cesse croissante.

PROCÉDÉ DE MARQUAGE

Les vêtements **RESULT**® de notre gamme pour l'extérieur sont conçus pour être décorés grâce à leurs multiples accès cachés. Ceci permet une plus grande facilité de mouvement des cadres ou des plateaux afin d'éviter les coutures voyantes sur les doublures ou l'achat de tissu supplémentaire pendant le processus de marquage. Les différents procédés de marquage que nous vous recommandons sont listés pour chaque vêtement.

Ces techniques ont été testées de manière indépendante et les recommandations données fournissent une indication de la manière dont le vêtement peut réagir.

Il n'y a aucune garantie quant à l'exactitude ou la complétude donc, avant chaque utilisation, le décorateur devra déterminer si le marquage convient ou non au produit.

Les imprimeurs en particuliers utilisent différentes techniques et une grande variété de produits, donc **RESULT**® n'assume pas la responsabilité à l'égard du marquage tiers et recommande toujours de tester sur un échantillon avant de décorer en volume. La sérigraphie de vêtements sur une couleur autre que le blanc doit être réalisée avec une grande prudence.

En raison du processus de fabrication des matières synthétiques, il y a un fort risque de transfert de couleurs à travers le film d'encre. Ceci peut toutefois être maîtrisé par des imprimeurs expérimentés qui choisiront les encres adéquates.

Dans le cas de transferts numériques, les clients sont invités à demander conseil à leur fournisseur de support numérique qu'il s'agisse de transferts d'illustrations en couleur ou de simples modèles CAO de découpe vinyli.

Une multitude de températures et techniques d'application sont possibles et **RESULT**® sera ravi de vous guider en fournissant les coordonnées de fournisseurs spécialisés dans l'impression directe ou numérique.
